

Cruise through this Labor Day!

Whenever you travel more than 100 miles (150 kilometers) from your home or in another country, no matter where your final destination is, remember that Assist America provides valuable emergency services.

Our services include:

Emergency Medical Services: we offer immediate medical consultation, referrals, prompt admission to a qualified hospital, emergency evacuation, medical repatriation, prescription assistance and much more.

Non-Medical Emergency Services: we take care of problems when you most need the help, whether it's locating luggage that have been lost or left behind or finding you an interpreter.

Before you leave on a trip, remember to download the free Assist America Mobile App for iPhone and Android. The App gives you instant access to a wide range of assistance, including, but not limited to:

- One-touch call to our 24/7 Emergency Operations Center
- Pre-trip information, such as country-specific visa requirements, immunization regulations, security advisories, and more
- Travel Status Indicator (lets members know when they are eligible for Assist America services)
- Global Embassy Locator
- U.S. Pharmacy Locator

Enjoy your Labor Day Weekend plans with peace of mind. Remember that Assist America is here to help should you encounter an emergency while traveling!
